Waypoint Solutions Group partners with Ingram Micro for purchasing

CHARLOTTE, NC., April 2, 2007 - Waypoint Solutions Group today announced it has entered into a partnership with the world's largest technology distributor, Ingram Micro.

As a partner of Ingram Micro, Waypoint Solutions Group now has the purchasing power that allows them to meet all the needs of their clients. Ingram Micro's distribution center allows for purchasing of hardware, software and licensing. Waypoint Solutions Group currently purchases more than five hundred thousand dollars worth of hardware and software for their clients.

"Creating the partnership with Ingram Micro will allow us to better serve our clients. We are extremely proud to be partners with Ingram Micro. The purchasing vehicle allows us to undoubtedly serve all of our clients with all of their hardware, software, and licensing needs," said Daniel R. Wilson, President of Waypoint Solutions Group.

About Ingram Micro

Ingram Micro Inc. is the world's largest technology distributor and a leading technology sales, marketing and logistics company. As a vital link in the technology value chain, Ingram Micro creates sales and profitability opportunities for vendors and resellers through unique marketing programs, outsourced logistics services, technical support, financial services and product aggregation and distribution.

Since its beginnings in 1979, Ingram Micro has connected technology solution providers with vendors worldwide, identifying markets and technologies that shape the IT industry. Today, Ingram Micro remains at the forefront of the global technology marketplace, bringing the latest products and services to market and finding new ways to bring value to our customers. The company offers a broad array of solutions and services to nearly 165,000 resellers by distributing and marketing hundreds of thousands of IT products worldwide from nearly 1,400 suppliers. Through Ingram Micro Logistics, the company provides customizable services for order management and fulfillment, contract manufacturing, contract warehousing, product procurement, product pack out and cartonization, reverse logistics, transportation management, customer care, credit and collection management services, and other value chain services. Ingram Micro serves 100 countries and is the only global IT distributor with operations in Asia.

Ingram Micro is a member of the Global Technology Distribution Council.
